Hi John,

(b)(5) [Deliberative Process]

We also had someone leave feces in the hallway outside of the restroom on the floor where senior management offices reside.

Thanks, Michelle

**Subject:** FW: 7th floor toilet

We had another incident where someone stuffed a toilet in the women's restroom on the 7<sup>th</sup> floor so full of paper towels that it clogged the plumbing lines so bad it backed up both the men's and women's restrooms on the 7<sup>th</sup> floor to the point that the toilets in both restrooms overflowed. It took 2 building engineers 2 two cleaning staff members 30 minutes to rectify.

Received a call from the front desk about the 7<sup>th</sup> floor rest room overflowing.

Allen, our Building Engineer took a picture of the problem. The problem was a toilet in the women's room stuffed with paper towels.  
This caused both the men's and the women's restrooms to overflow.  
This should be sent to HR Michelle Parker.  
Thanks.
